BID BULLETIN
NO. 2022-01

Project Title:

**GENERAL PEST CONTROL AT CENTRAL NATIONAL MUSEUM
BUILDINGS – FY 2022**

Item No. 1:

Inquiry of the prospective bidders

Inquiries	Answer
Termite baiting and Monitoring Station Baiting Systems require Training the reason why not all pest control companies are not permitted to apply them. In this regard, Authorization from the distributor of Termite Baiting System and Certificate of Training for Applicators should be a part of technical submittal.	Bidder may provide the certification in compliance with the TOR under Item No. VII. SUBMITTALS: 1. Nominations and supporting documents for the technical personnel's qualifications, for approval of FMD
Do you require an ocular inspection as part of the technical component? Of the answer is yes, when can we do it? Will your committee release a certification to be attached on our bid?	Site inspection may be conducted Monday to Fridays from 8:00AM – 5:00PM
For page stating page 4 of Technical Specifications are you referring to the FDA Advisory 2016-FPA License Exterminator Category on Household and Structural Pest Control?	Since NMP is a non-agricultural institution and the identified pest are household in nature e.g. flies, mosquitoes, cockroaches, termites and rodents. It will fall under the Household Category

This bid bulletin shall form part of the bid documents and shall be included in the first envelope, Technical Components.

Done this 7th day of March, 2022.
